

Dear Partners,

We would like to invite Your Institution's community to participate in Erasmus+ programme by coming to our Institution for **Teaching, Training, Studies or Internship**.

Also for your outgoing (to Šiauliai State College) students we would like to offer **studies for 2016-2017 academic year** at our institution. We would like to offer the following study programmes: Office administration, Tourism and Hotels, Accounting, Finance, Information Services (library, information and archival studies), General Practice Nursing, Social Work, Information system technologies, Electrical Energetics, Autotransport electronics, Construction, etc.

We also would like to offer to your students Erasmus+ traineeship mobility. The students should contact me, send the objectives of one's practice so we could provide the most suitable practice placement and be part of our community for Erasmus+ traineeship. The internship mobility are discussed individually.

I would like to inform you that our deadlines for application are **30th of June, 2016** (it may be extended).

Please send the nominations or any questions related to incoming students to Gina Ožekauskaitė, me, by the following e-mail:
g.ozekauskaite@svako.lt (*Coordinator for Incoming mobilities*).

Wishing you all the best,
Gina :)
