

Let me start by introducing our Company – Amplus Energy Solutions Pvt Ltd (Amplus Solar) is one of India's largest dedicated distributed solar power companies, run by veterans of the power industry with significant experience of developing, constructing and operating power plants. We construct and operate distributed rooftop solar projects for industrial and commercial customers under long-term power purchase agreements. With the investment from I Squared Capital, we seek to expand our footprint and become a leader in rooftop solar in India and Southeast Asia. Amplus is setting up a state-of-the-art centralized monitoring facility in the outskirts of Delhi and rapidly growing its marketing, project and field teams across India.

This is to put forward our intent to **offer Internships to students of esteemed universities of Spain at Amplus Solar.**

I invite you to have a look at our company website and LinkedIn page at the below coordinates and I am also attaching herewith our Company's presentation for your perusal pls:
