

INTERNSHIPS IN MALTA

THE INTERNSHIP

Our programmes are tailored made to the individual. We strive to offer the students an internship that will help them fulfil their goals and improve their CV. All our internships are directly related to the area of studies thus it will help the studetns cultivate their learning.

We believe in an open and honest communication so we will ensure that you know exactly which company the students are going to work for prior to their arrival in Malta. It's important that when they apply to our programme they will send us a detailed CV so that we will ensure that we will find them the best workplace possible

An internship is the perfect way to gain experience. Nowadays we live in a world where if you lack experience you will find it difficult to find permanent employment.

WHY MALTA?

Strategically located in the centre of the Mediterranean Sea, Malta is at the crossroads of Europe and Africa and has benefited from this unique position for thousands of years. Once a crucial trade route and maritime settlement for many of the world's largest empires; from the Phoenicians, Romans, Byzantines, Arabs, The Knights of St John and most recently the British, today Malta is famous for its hospitable locals, beautiful landscape and bustling event calendar. Located just 90km south of Sicily, Malta boasts one of the finest climates in the world, with over 300 days of sunshine per year, warm summers and mild pleasant winter months. Malta also has two official languages – Maltese and English.

From the north of the island one can enjoy spectacular stretches of sandy beaches at Mellieha, or hop across to discover Malta's sister island of Gozo for a treasure trove of wonders. Travel to the centre of Malta and one can visit Mdina, Malta's old capital; a beautiful fortified city filled with winding streets, beautiful museums, palaces and spectacular panoramic views from its walls.

Valletta is Malta's prestigious Baroque capital city and a UNESCO World Heritage Site. Valletta is a thriving city offering a glittering array of Baroque palaces, grand cathedrals and churches, museums and even Fort St. Elmo at the tip of Valletta's peninsula. Filled with the charm of an old city, Valletta is filled with local crafts, markets, intimate wine bars and restaurants and plenty of hidden gems. Valletta has been chosen as the European Capital of Culture 2018.

Apart from that, Malta is currently going through an economic boom and business is thriving. We are sure that with all this, Malta will offer you an experience of a lifetime.
