SEMINAR Statistical signal processing on manifolds: application to multiple scattering, filtering and geometric phases description Speaker: Nicolas Le Bihan Centre National de la Recherche Scientifique-CNRS/Gipsa-Lab. Department of Images and Signals Directed to: Researchers of UJA Date: Thursday, October 6, 2016. 10:30 a.m. Place: Room 067-B3

SEMINAR

Statistical signal processing on manifolds: application to multiple scattering, filtering and geometric phases description

Speaker: Nicolas Le Bihan

Centre National de la Recherche Scientifique-CNRS/Gipsa-Lab. Department of Images and Signals

Directed to: Researchers of UJA

Date: Thursday, October 6, 2016. 10:30 a.m.

Place: Room 067-B3
