

# SEMINAR

04/10/2016

SEMINAR Statistical signal processing on manifolds: application to multiple scattering, filtering and geometric phases description Speaker: Nicolas Le Bihan Centre National de la Recherche Scientifique-CNRS/Gipsa-Lab. Department of Images and Signals Directed to: Researchers of UJA Date: Thursday, October 6, 2016. 10:30 a.m. Place: Room 067-B3

## SEMINAR

**Statistical signal processing on manifolds: application to multiple scattering, filtering and geometric phases description**

*Speaker: Nicolas Le Bihan*

Centre National de la Recherche Scientifique-CNRS/Gipsa-Lab. Department of Images and Signals

*Directed to: Researchers of UJA*

**Date:** Thursday, October 6, 2016. 10:30 a.m.

**Place:** Room 067-B3
