Research and Transfer

Basic data on research

Research structures

Research structures	Number
Research Groups	119
Advanced Study Centers	3
Interuniversity Institutes	2
University Institutes	1

Research projects

Number of R&D projects and received research aid (with the total financial aid provided) by type, geographic scope, and scientific/technological policy instrument

- Number of R&D projects and received research aid - Year 2020
- Number of R&D projects and received research aid - Year 2019
- Number of R&D projects and received research aid - Year 2018
- Number of R&D projects and received research aid - Year 2017

Aid received for human resources in research and transfer by geographic scope and scientific/technological policy instrument

- Aid received for human resources in research and transfer - year 2020
- Aid received for human resources in research and transfer - year 2019
- Aid received for human resources in research and transfer - year 2018
- Aid received for human resources in research and transfer - year 2017

Article 83 contracts

- Article 83 contracts -year 2020
- Article 83 contracts -year 2019
- Article 83 contracts -year 2018
- Article 83 contracts -year 2017

Information on ECG and IPG – Financial years 2017, 2018, 2019, and 2020

Table 7.1.- Evolution of the number of WoS publications 2017 2018 2019 2020 Publications

Publications	2017	2018	2019	2020	Accumulated 2017 / 2020
Total Publicaciones WoS	667	874	932	1036	3509
