Invitation to Co-organize a Blended Intensive Programme (BIP) on Culture and Gastronomy April 2027

Dear Erasmus Partner,

On behalf of the AETC Consortium (University of Algarve and Catholic University, Portugal), ESHTe - Estoril Higher Institute for Tourism and Hotel Studies is pleased to invite Erasmus+ partner institutions to collaborate with us in an upcoming Blended Intensive Programme (BIP) under the theme **"Culture and Gastronomy"**, scheduled for **April 12th to 16th, 2027**.

We are currently seeking a minimum of two (2) committed co-organizing institutions to actively contribute to the design and implementation of this programme, targeted at both **academic and administrative staff**.

This collaboration will include:

- Moderation and coordination of workshops;
- Mentoring and guiding multidisciplinary teams to develop the BIP's final outputs.

This BIP aims to foster international collaboration, innovation, and cultural exchange through gastronomy, offering a dynamic and enriching experience.

This programme will include presentations on topics such as:

- Innovation in Gastronomy and Culinary Arts: Trends and Importance
- Tourism and Food Safety
- Breaking Bread, Building Bridges: How Food Brings People Together Across Cultures

If your institution is interested in joining us as a co-organizer, we would be delighted to discuss this opportunity further.

Alternatively, institutions may also participate as workshop attendees. We are opening a limited number of places (up to 20 participants) for this engaging international experience. Please contact your International Relations Office to get a mobility spot.

We look forward to the possibility of collaborating with you on this exciting initiative. Let's BIP!

Kind regards,

Teresa Costa

Head of the International Relations Office

BIP Coordinator
