"Connecting Campuses, Cultures & Careers"

Organized by Chandigarh University (Proposed in Collaboration with AIU)

30 September 2025

THE CONCEPT

In a rapidly evolving world, the role of higher education institutions in shaping a sustainable, inclusive, and technologically advanced future has never been more critical. As we embrace the paradigm of collaboration, global partnerships, and shared aspirations for a better future, universities and institutions of higher learning must unite to drive positive change through knowledge sharing, benchmarking and strengthening of global ties. Furthering this thought, Chandigarh University organizes the **5th Global Education Summit 2025 (29th September - 1st October 2025)**. The summit will see the convergence of **Vice Chancellors/Presidents, Pro-Vice Chancellors, policymakers, and global education leaders** from across the globe to explore innovations and strategic partnerships shaping the future of higher education.

While exploring new avenues of higher education, we organize **“International Education Fair 2025 - A Global Gateway” (Connecting Campuses, Cultures & Careers)** that brings together **Vice Chancellors/Presidents, Pro-Vice Chancellor (International), Executive Directors, directors, admissions officers, and student recruitment representatives** from leading foreign universities to interact directly with Indian students. The fair will serve as a practical and interactive follow-up, enabling universities to connect directly with over **35,000+ students** from Chandigarh University and also with schools and colleges across India.
