About KOREATECH

Korea University of Technology and Education was founded by Korea's Ministry of Employment and Labor to train practical engineers and TVET specialists.

1991
founded

5,768
students enrolled (2025)

40 min
by train from Seoul

No.1
graduate employment rate, 82.8%
(Ministry of Education, 2024)

THE PROGRAMME

One course, 3 credits

K-Culture and Modern Korean Society (LAN911) · 45 hours · official transcript sent to your university

Korean language

Everyday Korean for getting around, taught by a KOREATECH instructor.

Tech labs

Hands-on sessions in AR/VR, robotics, smart factory and cleanroom labs.

Korean culture

A taekwondo class and Korean cooking with our campus team.

Field trips

The National Museum of Korea, Lotte World and a visit to a Korean company.

HANDS-ON ENGINEERING

Learn in our labs

KOREATECH teaches engineering as 50% theory and 50% practice. Winter School students try it in short, guided lab sessions with our technical staff.

- **AR / VR**
- **Robotics**
- **Smart factory**
- **Cleanroom**

ON CAMPUS

Korean culture, hands-on

Taekwondo class

Learn the basics from a taekwondo instructor, uniform included.

Korean cooking

Make and share Korean dishes with our campus dining team.

SUMMER SCHOOL 2026

Last summer

15

partner students earned 3 credits

4

universities: China, Germany, Cambodia, Malaysia

NEXT STEPS

How to join

1

Nominate

Your international office sends nominations to KOREATECH by **15 November 2026**.

2

Confirm

We confirm places and send students the arrival guide.

3

Travel

Arrive on Sunday 17 January; leave on Saturday 30 January 2027.

4

Pack warm

January in Cheonan is often below 0 °C, and it may snow.

Places are limited: up to 2 students per university.

SEE YOU IN JANUARY
