Welcome

Dnipro University of Technology is a **leading** higher educational institution characterized by fundamental and systematic **academic approach**, complex **integration** of education, **research and innovations**, diversification of **international activity**. The university is focused on providing **innovative** development of Ukraine's economy through implementing **high technology** and **efficient use** of natural resources.

“

Traditions in innovations

”

- our motto

History

2018

Dnipro University of Technology (DniproTech)

2002

National Mining University

1997

National Dnipropetrovsk Mining Academy

1993

Dnipropetrovsk Mining Academy

1926

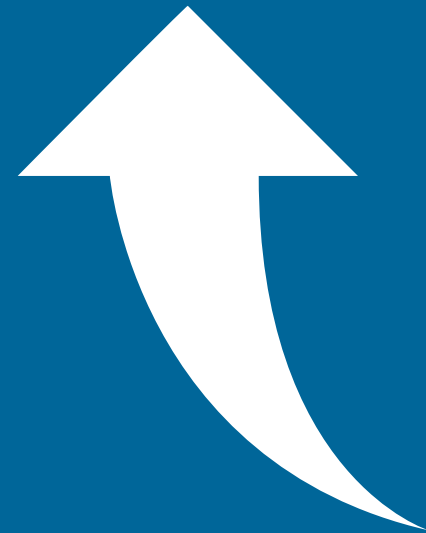

Dnipropetrovsk Mining Institute

1912

Yekaterinoslav Mining Institute after Peter the Great

1899

Yekaterinoslav Higher Mining School

About us

RANKING

UNESCO

DniproTech is amount **3** leading technical universities of Ukraine (UNESCO, 2017)

TOP 200

DniproTech took the **6th** place amount 200 universities in Ukraine (Top-200 Ukraine, 2017)

GENERAL INFORMATION

17

buildings (including 6 students' halls)

126049 m²

general area

1,5 million

bibliographic collection (including electronic caralog)

Full cycle

of training of professionals in mining

Best

school of technical education in the region

One of

the largest geological and mineralogical museums in Ukraine

Learning and Teaching

ACADEMIC STAFF

759 teachers

142 doctors of science, professors

339 candidates of science,
associate professors

STUDENTS PROFILE

over **10 000** students

90 000 graduates in total

including **800** international graduates
from **27** countries

77

**Undergraduate
courses**

30

**Postgraduate
courses**

13

**Doctoral
courses**

**LANGUAGE: ENGLISH,
UKRAINIAN, RUSSIAN**

9

Faculties of DNIPRO UNIVERSITY OF TECHNOLOGY

- [Mining Faculty](#)
- [Faculty of Construction](#)
- [Faculty of Mechanical Engineering](#)
- [Faculty of Geological Prospecting](#)
- [Electrical Engineering Faculty](#)
- [Faculty of Information Technologies](#)
- [Faculty of Management](#)
- [Faculty of Finance and Economics](#)
- [Institute of Humanities and Social Sciences](#)

Research

339 Patents

60 Scientific Research Projects (2017)

19 Research Centers

8 Scientific Research Laboratories

2 Scientific Research Institutes

SciVerse Scopus academic journal

BUSINESS INCUBATOR

- entrepreneurship education programs for students and scientists
- international start-up development projects

BUSINESS PARTNERSHIP

over 50 business partners

Priorities in Research and Innovation

- Mining and metallurgical electric energetics
- Electrotechnical complexes and systems
- Information technology and data protection
- Safety and industrial sanitation
- Underground geotechnology
- Open geotechnology
- Construction geotechnology
- Geotechnics and geomechanics
- New materials and nanotechnology
- Standards of sustainable development of territories (Sinchro-mining)
- Mineral processing and recycling of materials
- Historical science and sociology
- Philosophy and psychology
- Geology, semi-precious stone processing, tourism
- Engineering
- Machine building technology
- Alternative heat and power energetics
- Legal aspects of nature management
- Automation of technological processes
- Geophysics
- Modern hydrogeological processes
- Ecosystems and biotechnology

International Partnership

200 participants in exchange programs for education, training and research every year

8 Dual and Joint Master Degree Programs

10 International Cultural and Education Centers:

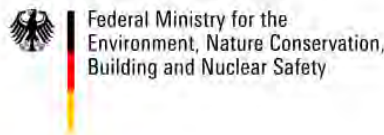

- Ukrainian-American Linguistic Center
- Ukrainian-Deutch Cultural Center
- Ukrainian-Spanish-Latin American Cultural Center
- Ukrainian-Polish Cooperation Center
- Center of Ukrainian-Turkish Cooperation
- Ukrainian-Japanese Center
- Linguistic Center
- Ukrainian- Chinese Cultural and Linguistic Center
- Ukrainian-French Center of Language and Culture
- Center for Academic Cooperation with the Baltic States

Dnipro University of Technology is recognized by over 50 universities in 20 countries of Europe, Asia and Northern America
