# Global Competencies and Multicultural Identity

**Date**      *October 14–November 7, 2025 (online)*  
*On-site part (BIP): November 3-7, 2025*

**Location**    *Šiauliai State University of Applied Sciences, Lithuania*

## Key objectives

- To introduce students to the concept of global competencies, including self-directed learning, entrepreneurship, and multicultural identity, and explain their importance in the modern labor market.*
- To engage students in international collaboration, allowing them to work with peers, academics, and stakeholders from Italy, Romania, and Lithuania to explore and develop these competencies.*
- To equip students with tools and methods for personal development, enabling them to assess their current competencies and apply suitable techniques to enhance them, both during digital and on-site phases.*

**When to apply?**    **Contact your home University for more information on how to apply**

**Who should apply?**    **Students with interest in multiculturalism, entrepreneurship, self-directed learning and other global competencies and the ways of their development**

**Qualifications to be obtained**    **Certificate on 3 ECTS credits**
