

MANUSCRIPT SUBMISSION PROCESS FOR THE AUTHORS FROM UNIVERSITY OF JAÉN

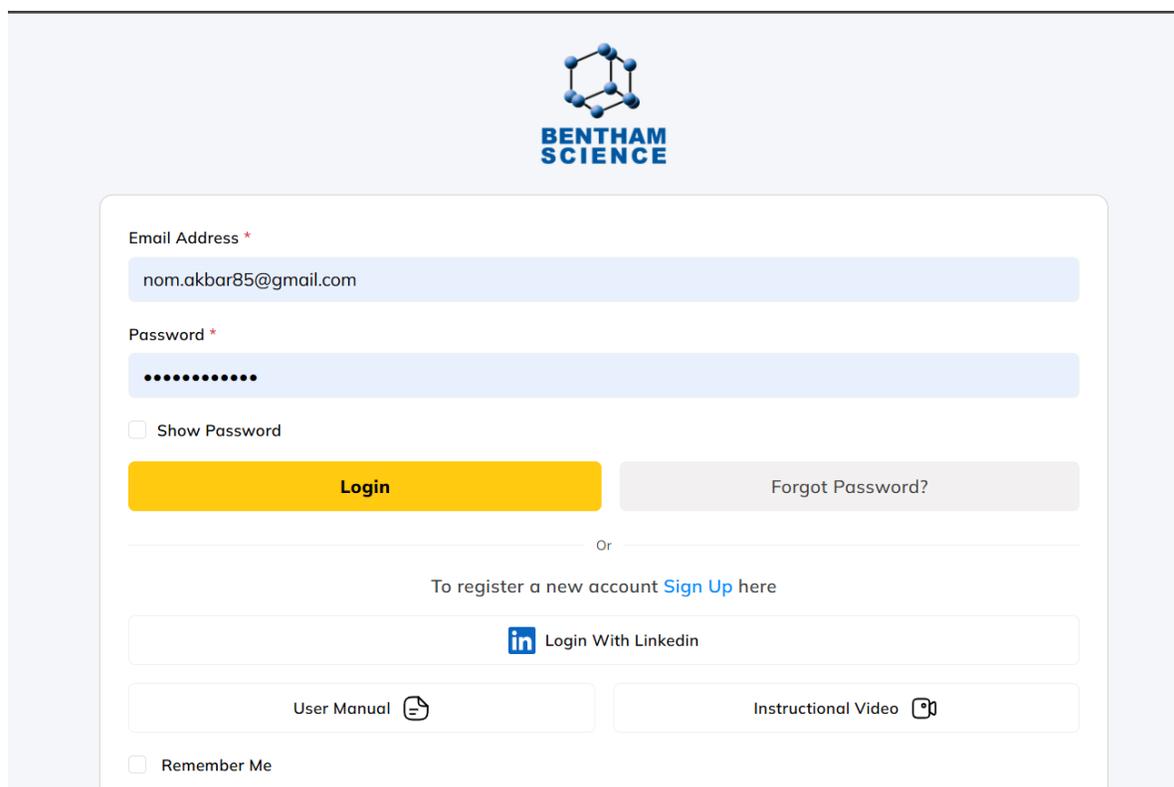

INTRODUCTION:

As the Open Access Publishing Trial commences, we would welcome the authors from the University of Jaén to publish their articles in any Bentham journal at zero Article Processing Charges. Your article will be peer-reviewed and published in the journal on a priority basis (Quick Track).

Step 1 - Log in to MPS

Authors will sign in to get into the manuscript processing system (MPS), either directly at the dedicated link for the university: https://bentham.manuscriptpoint.com/Login/show_login

Or from any Bentham journal's website of his choice by clicking "Submit Manuscript".

Step 2 – Author Dashboard

After signing into the MPS, the author will see their dashboard. They will then click on the "New Submission" tab on the left menu bar.

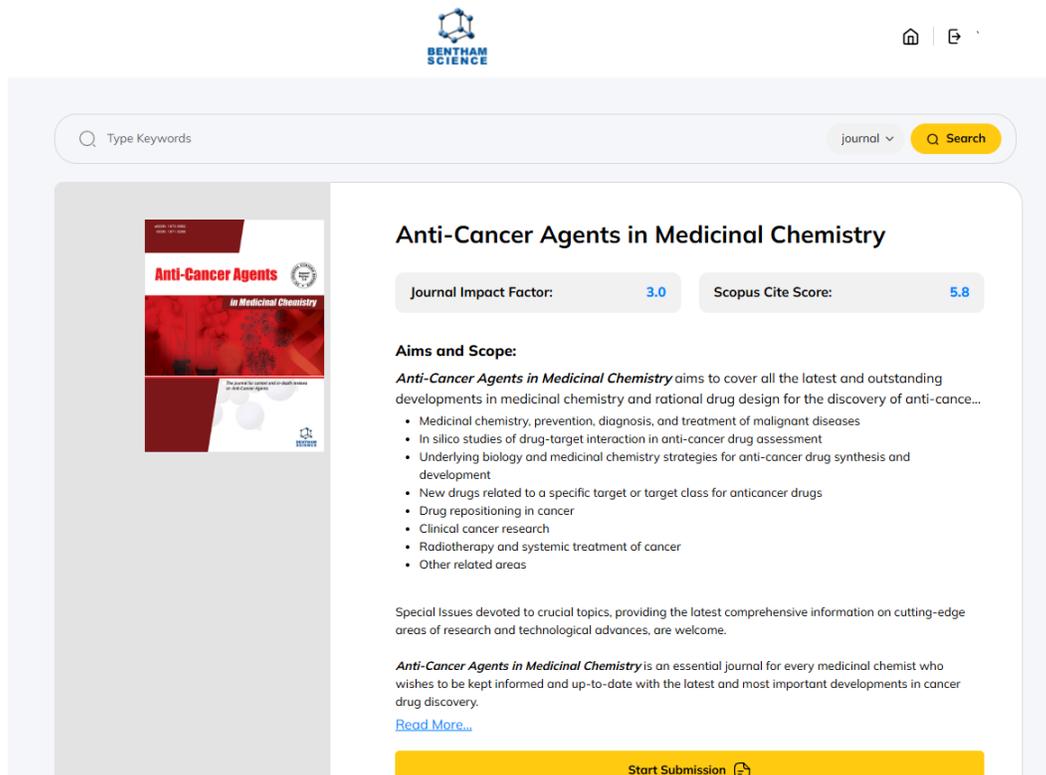

The screenshot shows the MPS Author Dashboard. At the top, it says "MPS Powered by Eureka". The user is identified as "Noman Akbar" (Online). The dashboard includes a navigation menu on the left with options like "User Portal", "Dashboard", "New Submission", "Email Notifications", "Support", and "User Manuals". The main content area displays "Welcome to your Dashboard" and a banner for "Become an Editorial Board Member" with a "Click Here" button. Below this, there is a section for "ASSOCIATE AUTHOR SUBMISSIONS" with a search bar and a table. The table has columns for "Journal", "Reference No.", "Date", "Title", and "Status", and currently shows "No Submission".

Step 3 – Submission Process

The author will complete his / her submission process:

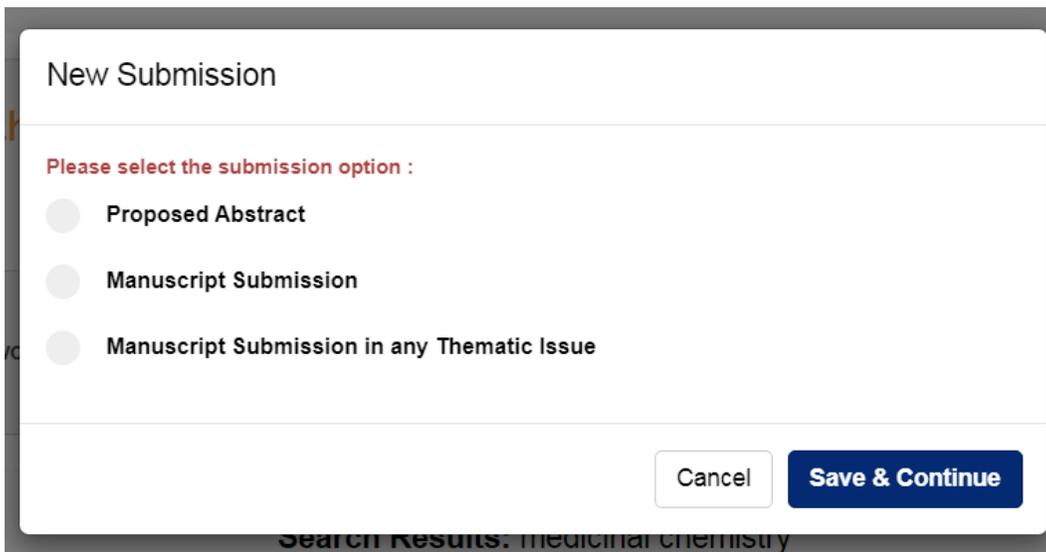

a) Select the journal or already selected earlier if coming from the journal's website

The screenshot shows the journal website for "Anti-Cancer Agents in Medicinal Chemistry". The page features a search bar at the top with the text "Type Keywords" and a "Search" button. The journal title is prominently displayed, along with its "Journal Impact Factor: 3.0" and "Scopus Cite Score: 5.8". The "Aims and Scope" section describes the journal's focus on the latest and outstanding developments in medicinal chemistry and rational drug design. A list of topics includes medicinal chemistry, in silico studies, underlying biology, new drugs, drug repositioning, clinical cancer research, radiotherapy, and other related areas. The page also mentions "Special Issues devoted to crucial topics" and provides a "Read More..." link. At the bottom, there is a yellow "Start Submission" button.

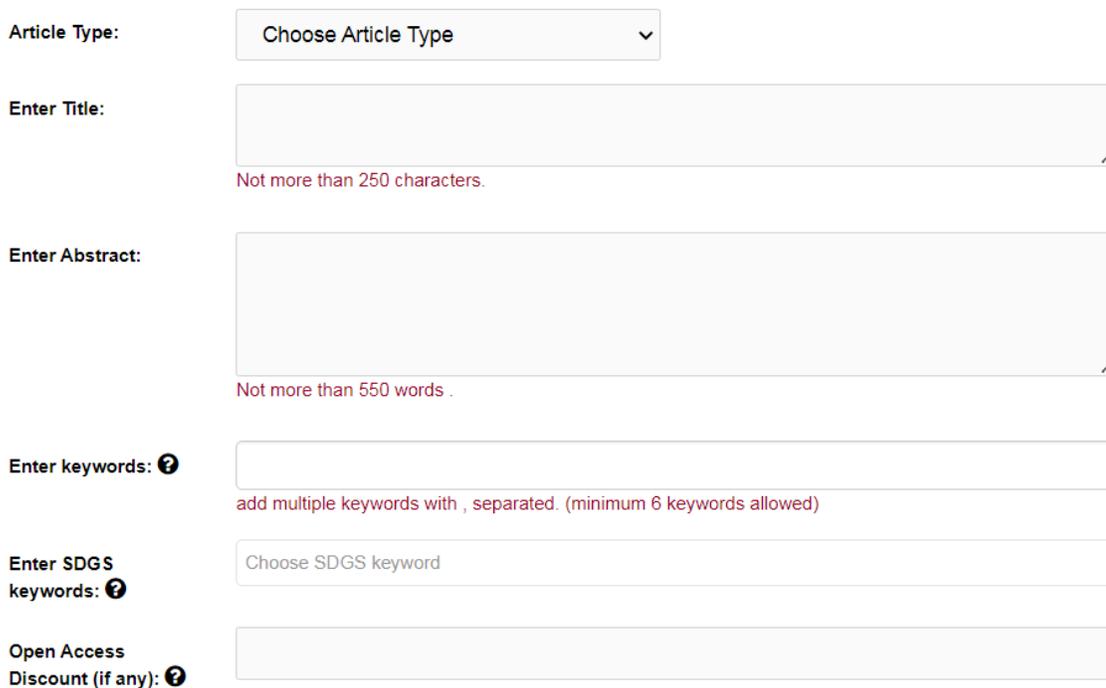

b) Select the submission option

c) With your selection, press 'Save & Continue', and complete the details.

The screenshot shows a 'New Submission' dialog box. At the top, it says 'New Submission'. Below that, a red instruction reads 'Please select the submission option :'. There are three radio button options: 'Proposed Abstract', 'Manuscript Submission', and 'Manuscript Submission in any Thematic Issue'. At the bottom right, there are two buttons: a white 'Cancel' button and a blue 'Save & Continue' button. The background of the page is partially visible, showing 'Search Results: medicinal chemistry'.

d) Enter details of the article/abstract being submitted.

The form contains the following fields and instructions:

- Article Type:** A dropdown menu with the text 'Choose Article Type' and a downward arrow.
- Enter Title:** A text input field with a red error message below it: 'Not more than 250 characters.'
- Enter Abstract:** A larger text input field with a red error message below it: 'Not more than 550 words.'
- Enter keywords:** A text input field with a red instruction below it: 'add multiple keywords with , separated. (minimum 6 keywords allowed)'. There is a question mark icon to the left of the label.
- Enter SDGS keywords:** A text input field with the placeholder text 'Choose SDGS keyword' and a question mark icon to the left of the label.
- Open Access Discount (if any):** A text input field with a question mark icon to the left of the label.

e) Add information for the Principal Author.

Add Author/Co-authors
