

HUM-793 Jaén Didactics of Mathematics (Didáctica de la Matemática de Jaén, GIDIMAJA)

Coordinator: Dr. Francisco Javier García García (fjgarcia [arroba] ujaen [punto] es)

This research group focuses on the teaching and learning of mathematics in Early Childhood, Primary, and Secondary Education. We are also interested in the initial education and the professional development of teachers.

Research lines

- Didactic phenomena bounded to the teaching and learning of mathematics from the perspectives of the Anthropological Theory of the Didactic and the Onto-semiotic Approach to Mathematical Cognition and Instruction;
- Initial and in-service education of Early Childhood, Primary, and Secondary Education teachers.
