

## **SEJ-365 Territorial Policies on Employment, Labor Market and Right to Insertion**

**Coordinator:** Dr. Cristóbal Molina Navarrete (cmolina [arroba] ujaen [punto] es)

The “Territorial Policies on Employment, Labor Market and Right to Insertion” research group evaluates the subjects responsible for employment policies for the design of programs, legal framework planning, implementation and their evaluation.

The group maintains permanent advisory, information and consultation service on the regulatory framework in force in regards to aid for employment and professional placement policies.

### **Research lines**

- Employment policies, with special reference to territorial frameworks and local policies
- Employment as the subject of collective bargaining: social dialogue and negotiation as instruments at the service of job promotion and distribution
- Employment policies with special reference to territorial frameworks
