

SEJ-421 Finance Law

Coordinator: Dr. Carlos María López Espadafor (cmlopez [arroba] ujaen [punto] es)

The “Finance Law” Research Group focuses its activity essentially on problems relating to international and European Union taxation and can therefore render its services to any subject, company or institution that moves in international economic traffic. Paying special attention also to the constitutional problems involving taxation allows us to perfectly handle services aimed at public bodies.

Research lines

- Taxation involving law firms, businesses and private individuals
- International and EU Taxation
- Tax aspects of Technology-Based Companies
- Environmental taxation / Fuel taxation and tax benefits of biofuels
- Local and autonomous region taxation
- Industrial property taxation
- Taxation in agriculture, with special focus on olive groves
