

What is the Human Resources Strategy for Researchers (HRS4R)?

According to the [EURAXESS webpage](#), The 'HR Strategy for Researchers' supports research institutions and funding organisations in the implementation of the Charter & Code in their policies and practices. The implementation of the Charter & Code principles by research institutions render them more attractive to researchers looking for a new employer or for a host for their research project. The European Commission recognises with the '**HR Excellence in Research Award**' the institutions which make progress in aligning their human resources policies to the 40 principles of the Charter & Code, based on a customized action plan/HR strategy.

The University of Jaén received its award on **15th June 2020**:
