Lanzamiento de convocatoria EMPIR 2019 en el ámbito de metrología para medio ambiente y energía (entre otras temáticas)

Start date
09/01/2019 - 00:00
Finish date
18/02/2019 - 00:00

Calls for 2019 include Metrology for Energy (ENG), Metrology for Environment (ENV), Support for Networks (NET), Metrology Research for Pre- and Co-normative (NRM) and Research Potential (RPT) projects following a two stage process.

Stage 1 for ENG, ENV, NET, NRM, and RPT requests the contribution of Potential Research Topics (PRTs) and Potential Network Topics (PNTs). Stage 2 requests project proposals against the Selected Research Topics (SRTs) and Selected Network Topics (SNTs) that EURAMET publish following Stage 1.

EURAMET will issue a Call for Support for Impact projects designed to increase the impact from completed iMERA-Plus, EMRP and EMPIR projects on the 16 July 2019.
