

How can I find a Marie Skłodowska-Curie Postdoctoral Fellowship proposal supervisor at the University of Jaén?

Marie Skłodowska-Curie Actions

Developing talents, advancing research

The [University of Jaén](#) (Spain) will be delighted to help post-doctoral applicants that are willing apply for MSCA-PF funding in order to develop their research career with us.

Horizon Europe MSCA Postdoctoral Fellowships offer successful applicants a full-time contract with a highly competitive salary to work on a research project and enjoy advanced training. The duration of the Fellowships is described [online](#) and the **eligibility criteria** for applying are:

- Holding a PhD degree at the time of the deadline for applications (Applicants who have successfully defended their doctoral thesis but who have not yet formally been awarded the doctoral degree will also be considered eligible to apply);
- A maximum of eight years experience in research, from the date of the award of their PhD degree (Years of experience outside research and career breaks will not count towards the above maximum, nor will years of experience in research in third countries, for nationals or long-term residents of EU Member States or Horizon Europe Associated Countries who wish to reintegrate to Europe);
- Not have resided or carried out their main activity (work, studies, etc.) in Spain (for European Postdoctoral Fellowships) for more than 12 months in the 36 months immediately before the call deadline.

Eligible interested applicants with a competitive CV (also including high quality and impact publications, international mobility and relevant transferable skills) should send their **CV and summary of project proposal** (250 words) to the UJA R&I International Projects Office [mmunoz [arroba] ujaen [punto] es] by 30th April.

The list of current **potential proposal supervisors** at the University of Jaén is below:
