

About us

The University of Jaén International Projects Office (**OFIPI - Oficina de Proyectos Internacionales**) promotes and encourages the participation of UJA Research Groups in International Research and Innovation funding programs. We act as a contact point for our researchers to provide technical and administrative support in the identification of research opportunities, elaboration of project proposals, partner search or legal and financial advice during the project development phase. Besides, we act as a contact point for all academic and non-academic parties that would like to collaborate with UJA researchers for implementing a joint R&I international project proposal within the framework, for instance, of [Horizon Europe](#).

The OFIPI is part of the UJA Vice Chancellor's Office for Research and it is led by **Dr Marta Romero Ariza**. We are located at **Campus Las Lagunillas** and our office hours are from 9.00 to 14.00 Monday to Friday:

The OFIPI team is completed by two international project officers (plus trainees) that will be happy to help you:

PhD Nieves Muñoz García

PhD Lourdes Castro Ortega
