

How to Import SCORM Modules from ILIAS to PLATEA?

This import cannot be done through the ILIAS importer, it must be done in the following way:

1st.- Download from ILIAS the SCORM Module in ZIP format.

2nd.- Create in PLATEA a new activity Scorm Package.

crear en PLATEA actividad Módulo SCORM

When creating it, import the ZIP downloaded from ILIAS.

Paquete SCORM en PLATEA, importar archivo ZIP
